

COVID19 ELEVATED BODY TEMPERATURE SCREENING SOLUTIONS

SAFER. FASTER. SMARTER.

STARTING FROM \$3,900

With advanced detectors and algorithms, Hikvision's Temperature Screening Thermographic Cameras can detect elevated skin-surface temperatures in moving crowds such as passengers, commuters and shoppers, with accuracy up to $\pm 0.3^{\circ}\text{C}$.

High Efficiency
One second to detect skin-surface temperature of a person.

Increased Safety
Non-contact measurement to avoid physical contact.

'BIG ENOUGH TO SERVE, SMALL ENOUGH TO LISTEN.'

High Temperature Screening Solutions

FACIAL RECOGNITION + THERMAL TERMINAL

HIKVISION
 + With or Without Display Stand
 + iVMS-4200
Accuracy: $\pm 0.5^{\circ}\text{C}$

Facial Recognition terminal is an access control device integrated with high temperature screening function with a pack full of features.

TURRET/BULLET CAMERA

HIKVISION
 + Tripod/Bracket
 + iVMS-4200
 + Laptop
Accuracy: $\pm 0.5^{\circ}\text{C}$

The turret/bullet camera features AI detection to reduce false alarms caused by other heat sources.

TURRET/BULLET CAMERA + BLACKBODY CALIBRATOR

+ Tripods
 + iVMS-4200 or Hik-Thermal (Mobile app)
Accuracy: $\pm 0.3^{\circ}\text{C}$

HIKVISION

Compared with solution (1), solution (2) and (4) is enhanced with a black body calibrator to increase the temperature measurement accuracy from $\pm 0.5^{\circ}\text{C}$ to $\pm 0.3^{\circ}\text{C}$.

HANDHELD CAMERA

HIKVISION
 + Tripods
 + iVMS-4200 or Hik-Thermal (Mobile app)
Accuracy: $\pm 0.5^{\circ}\text{C}$

With a Wi-Fi module, the TP21B handheld camera can connect to a PC or a smartphone to notify operators when a person with an elevated temperature passes by. It also features a built-in speaker for audio alarms.

FEATURES OF SOLUTIONS:

AI DETECTION

Focus temperature measurement areas to reduce false alarms caused by other heat sources.

ADVANCED ALGORITHMS

Achieve highly reliable accuracy with Hikvision's proprietary temperature measurement algorithms.

BI-SPECTRUM MONITORING

Provide both thermal and optical image channels apart from temperature measurement.

ONE-STOP SOLUTION

Offer an extensive product portfolio including thermographic cameras, NVRs, switches etc.

EMBEDDED AUDIO ALARM

Trigger Alarms to notify operators immediately when a person with an elevated skin-surface temperature passes by.
